Mr Santos:

It's really been some year. I want to thank you for all the help you gave me, especially on setting me straight. I really appreciate all the help you gave me in Spanish. Have a great summer and will be looking forward to seeing you in 9-10 next year.

I'll be back to visit you next year

. . . And then they rush about and

get excited and turn round and round . . .

Mr. Santos, your class has really been an experience! One that I will always remember. We did alot of things in this class that made it stand out in my mind. That dinner at Theresa's house, the talks we had about all things, not just Spanish things, but anything we thought was important, and that taste in... All these made this class a very interesting one. I feel I really learned an awful lot this year. And I feel as if you're one of my favorite teachers. I'm not just saying that you have very firm ideas about things but you always present both sides of everything. I like how you gave us a chance to say what we would like to study. This class will always be one I will remember for everything that has happened in it. Thank you and Good Luck. Love, Tammy Wycoff

This is my favorite page of the book! So I'll put my "firma" aquí. Its really great to have you as a teacher this year. You've really been more than a teacher to me, you're more like my ~~second~~ the closest third parent. I'm glad that you're teaching Español y Portugues next year. You're gonna have one of the best second period classes around!

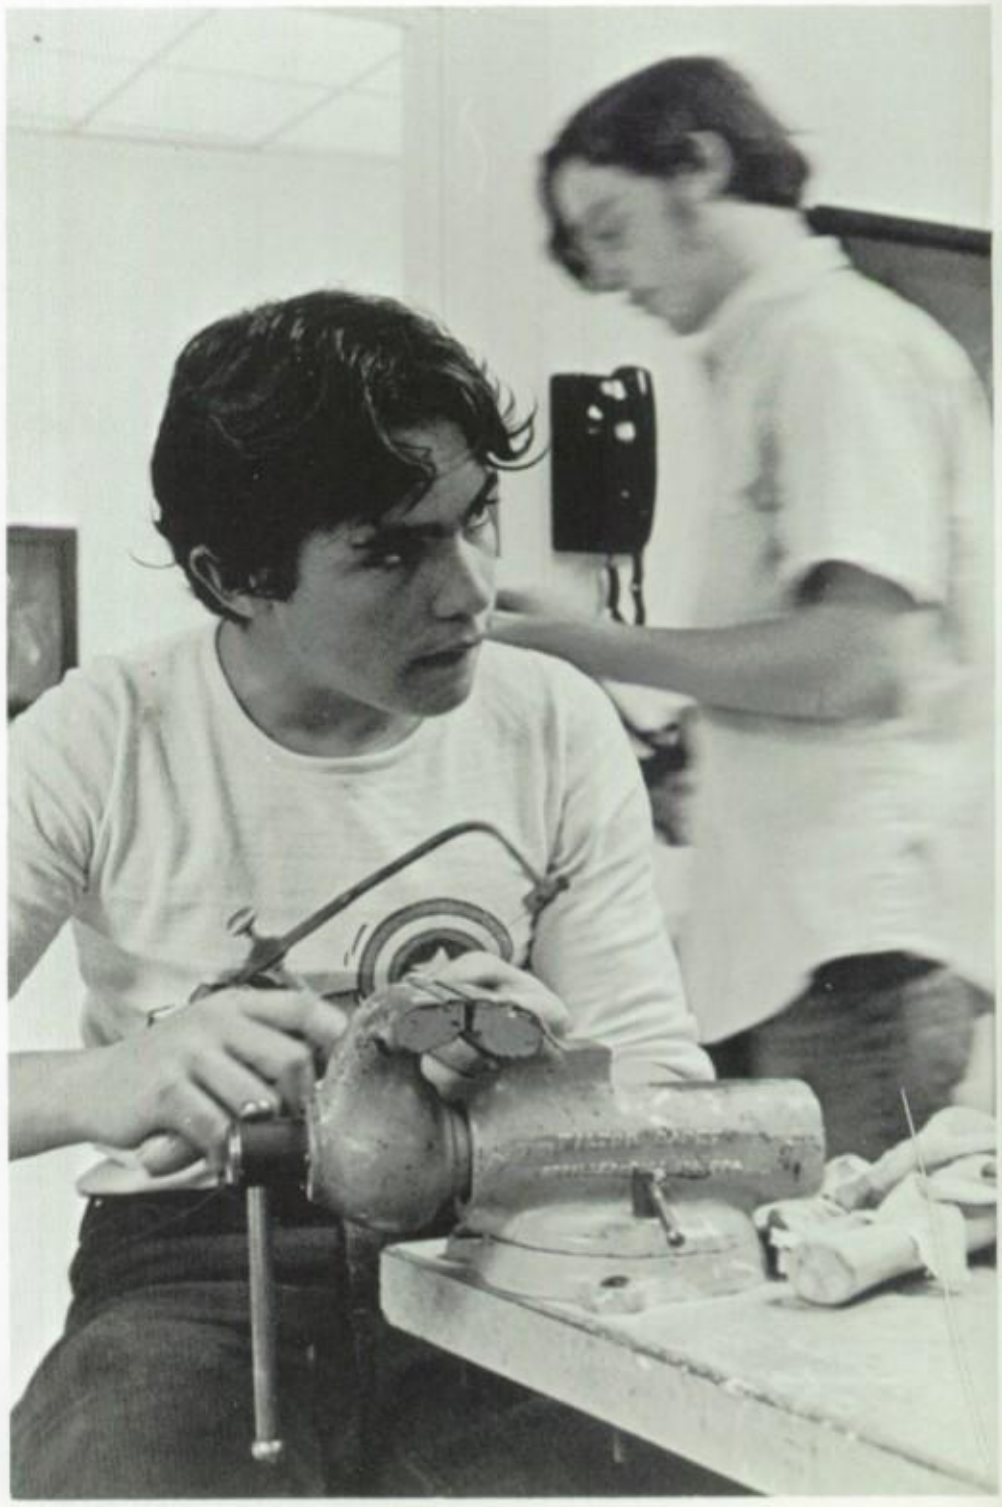
ride, proud warrior,
ride the skyways
faster than the stars
can shine
faster than the
moon-beams glide
faster, faster,
moving on
faster moving onward,
into night

A tear falls
glistens as a raindrop
on a translucent leaf.
A tear goes.
  Petty tear
means nothing
for no one sees you.
For a tear is wasted
unless it splashes
on someone's soul



Realization

"I'll never hurt you again."
How righteous your words are.
But you know,
don't you, that love
is a web of hurt
and healing.
Each nothing
without the other.
Love is the magic
potion that heals
the hurt
that only love can cause.

This winter crept up to me
on silent knees
long before I was ready,

and the ground seems hollow,
the naked trees whisper

and the winter of last year
huddles frost-bitten in the cellar.

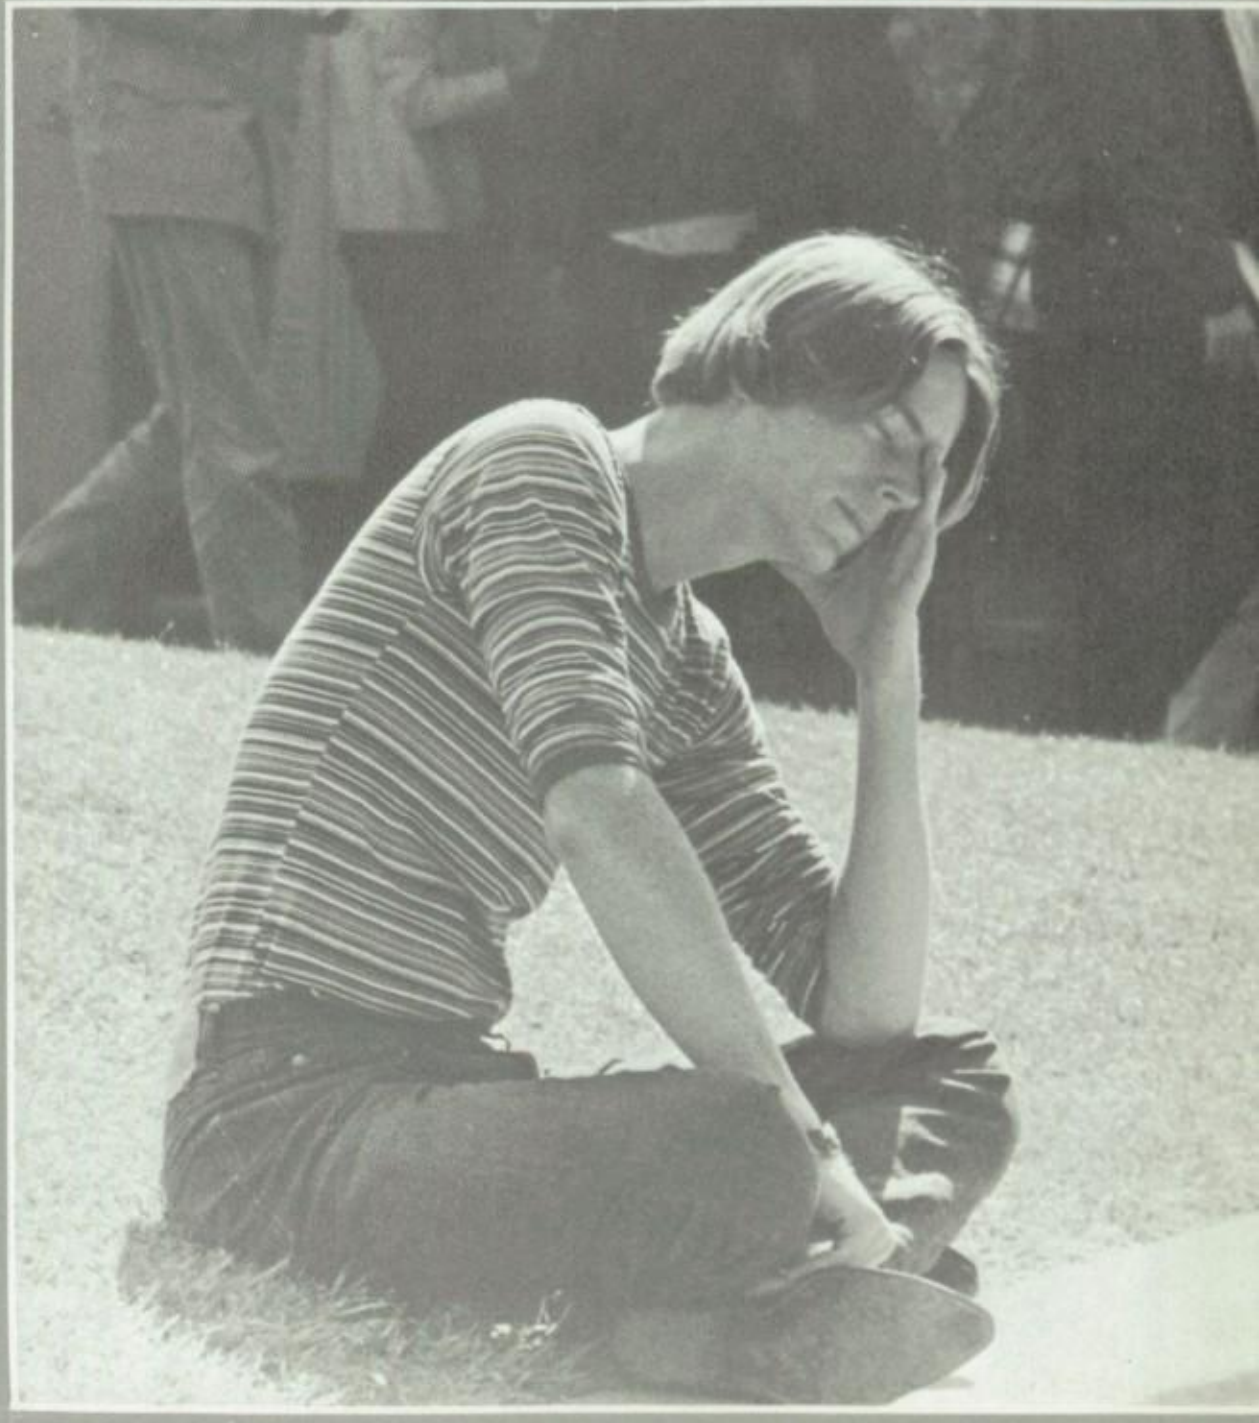
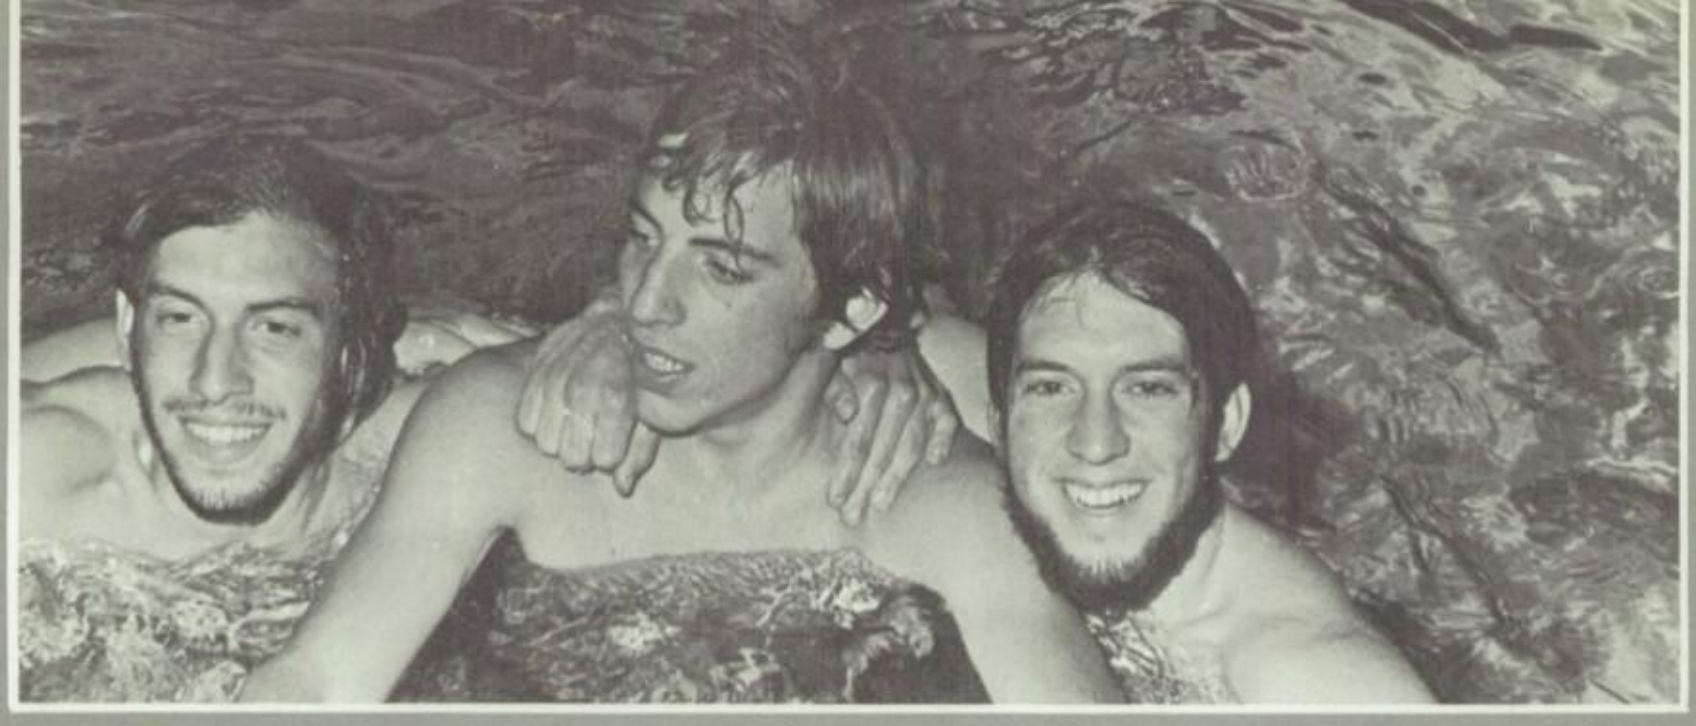
The necessity of seclusion,
But happy in our own way.

So what if the pace we step
is not the world's.





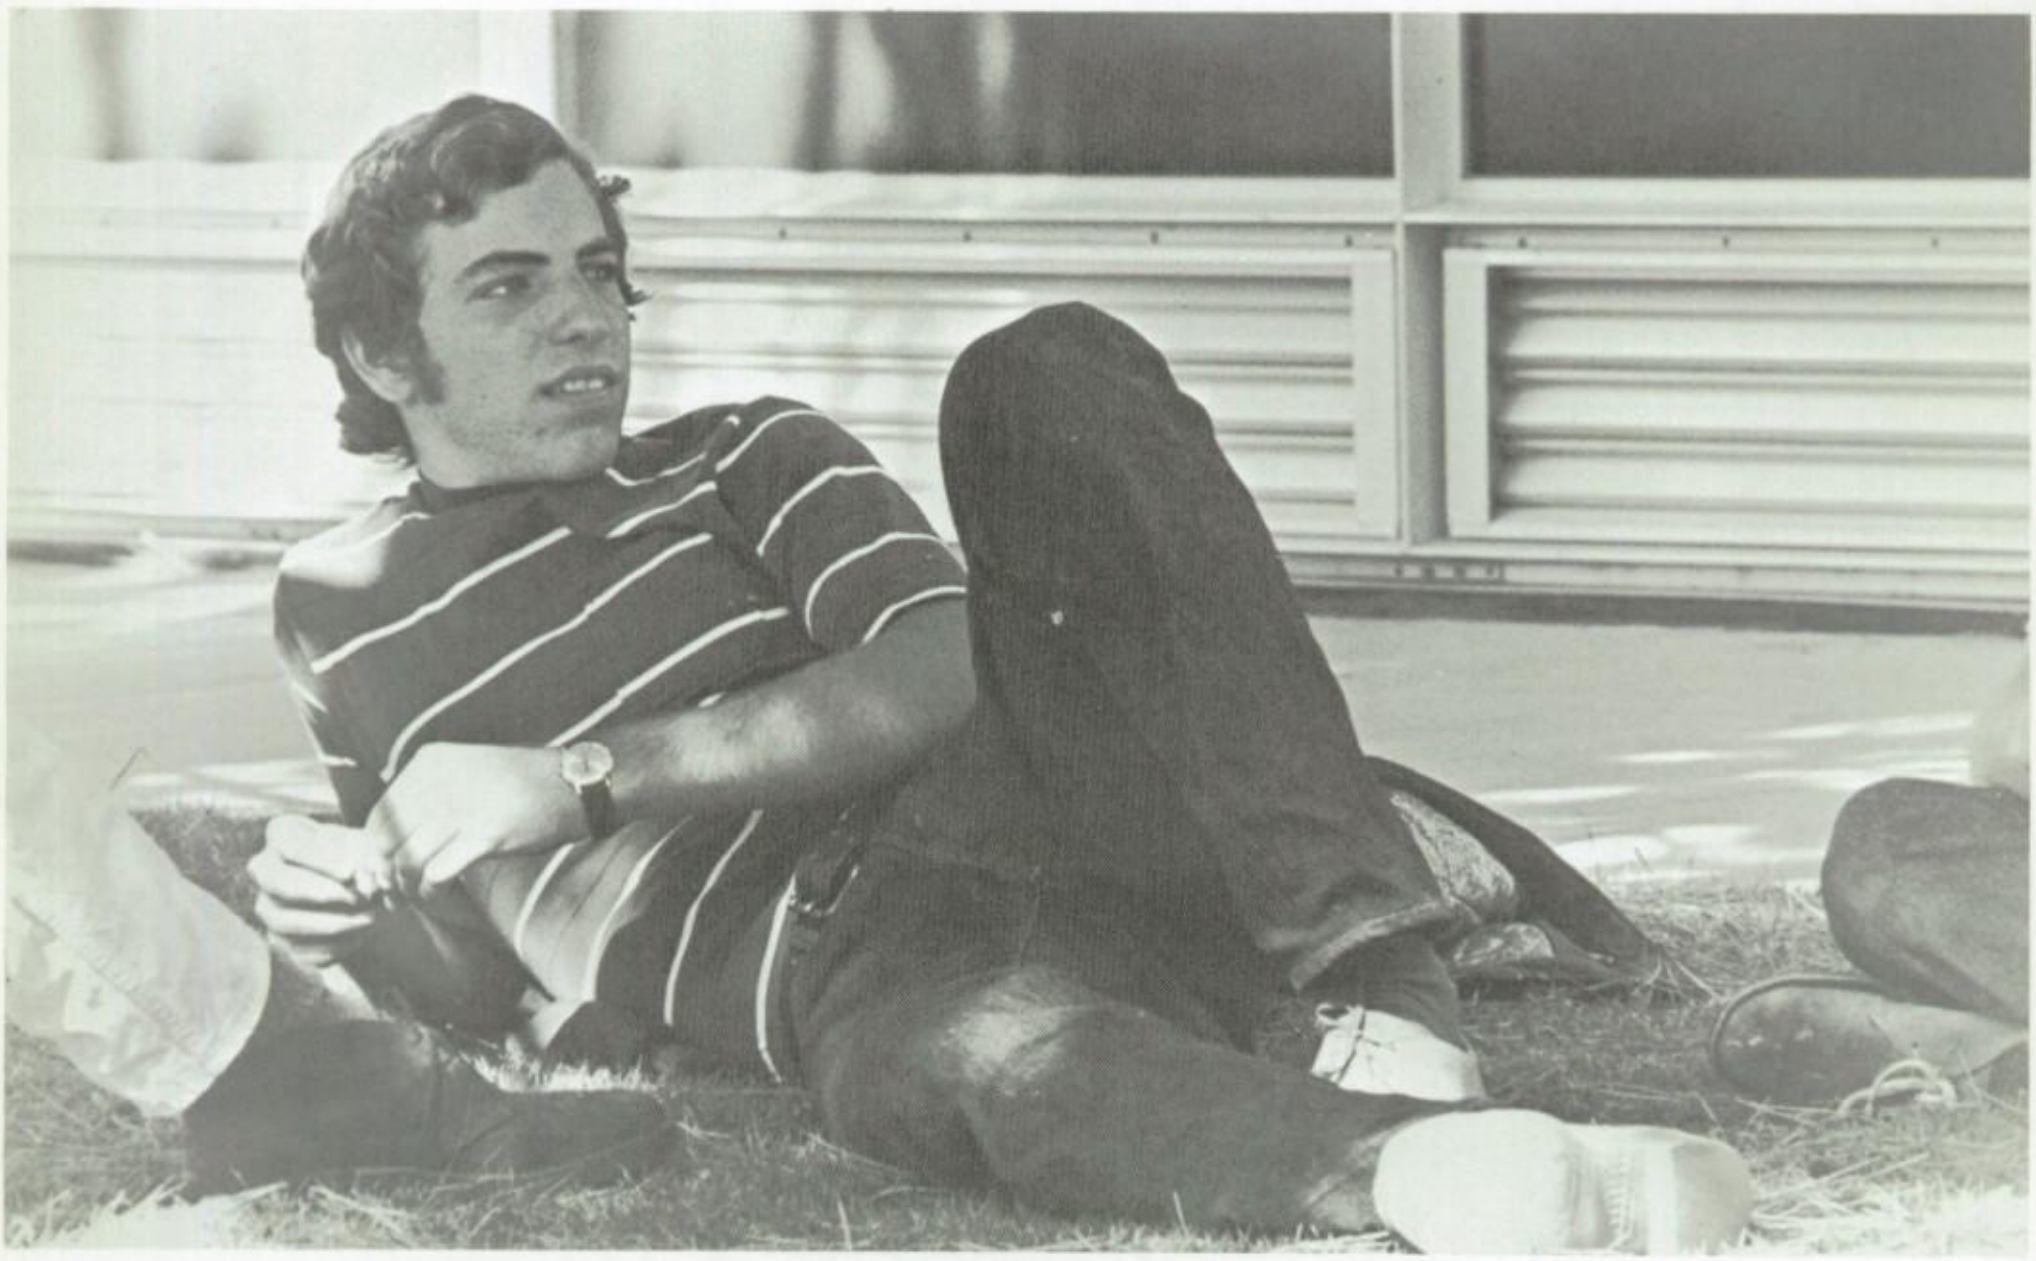
Perhaps we have lost something valuable,

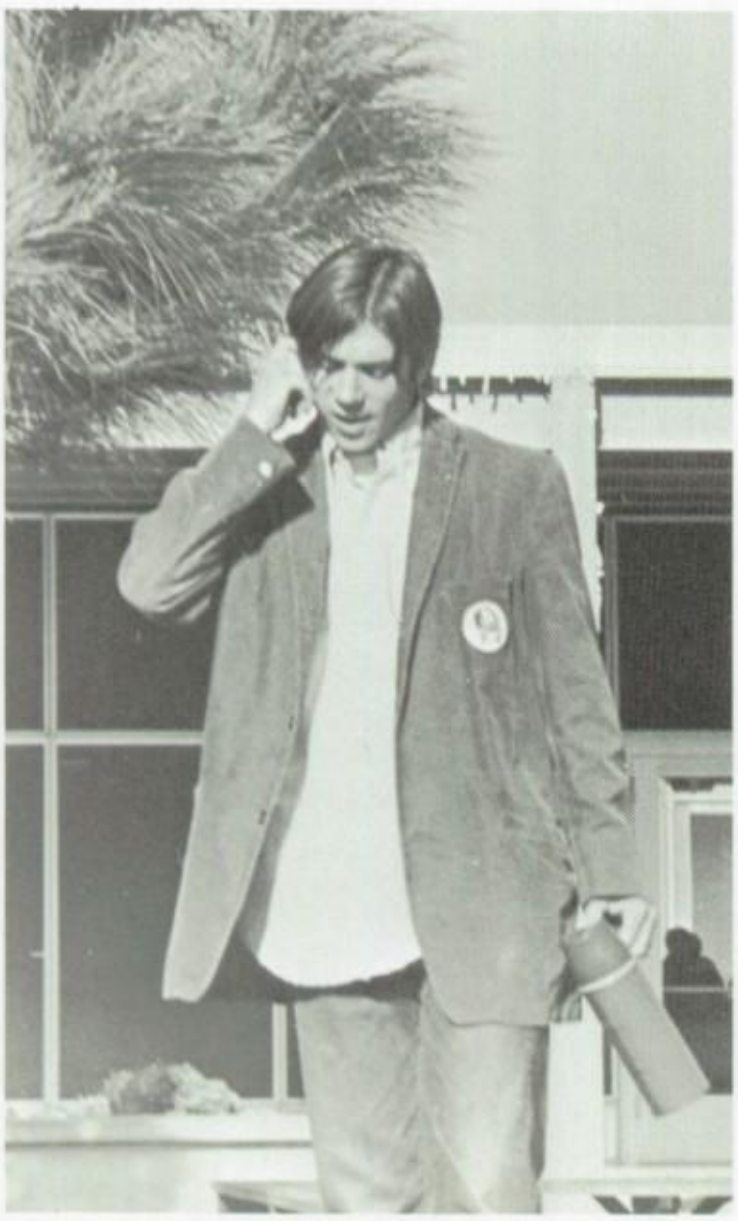
Only time is truth—but we cannot promise tears.

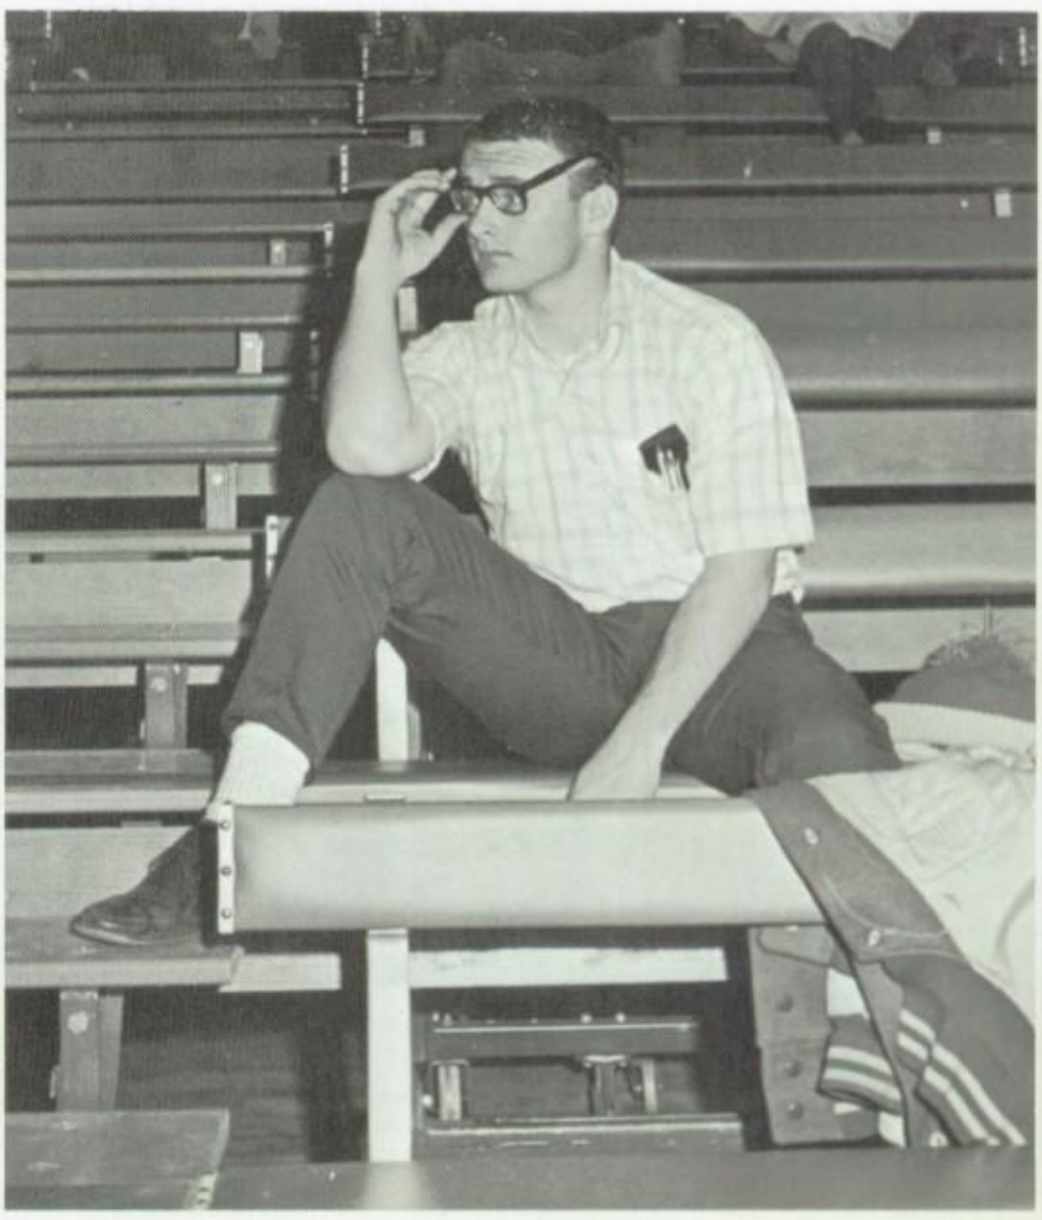
You ask if next year will resemble this one? We think not, was yesterday ever like tomorrow?

What else can we feel, we do not know?

We've only just begun.







Señor Santos, estoy contenta porque falta muy poco para mi graduación pero si tengo un vacío en mi corazón porque dejo atrás a muchas personas que mucho estimo. Señor Santos, usted es una persona formidable. Usted da un cachito de su corazón a todos, más importante aún es el amigo de todos. Con usted no solamente aprendí gramática sino también aprendí otras cosas de la vida (no verdes). Volveré el año siguiente a verlo. Le deseo toda la felicidad posible.

Love,
Keana

Señor Santos,
I really enjoyed my year of Spanish.
Even when a person is flunking you
make the class fun & I have the
feeling to keep trying. You are very
understanding, and I thank-you
for that - You are right my mind
is not at Crestmoor, I have alot
of important things happening which
distract from school work. I
really do enjoy Spanish, and I
thank-you for making it fun,
and for your friendship and
understanding. Love,
Tina

Sr. Santos, I really had a lot of fun in Spanish this year. You are a great teacher, even though I do get mad at you when you give quizzes. See you next year.

Charlene

Mr. Santos, it is amazing what insight a person can receive from another. Some of your values have touched my heart, and I think you should know it. I have learned a lot of Spanish. I think you are an excellent teacher as well as a very fine character. God Bless your sweet heart.

Señor Santos,

As another year of Spanish ends, I've just got to say that I'm glad it's only for the summer. I really enjoy this class even though it's a lot of work, because you have a way of making learning a positive experience. Also thanks for giving me the opportunity to go to Mexico this summer. You'll get a full report when we come back. ¡Tengan un verano bien, bien!

Love,
Laura Gilmore
